STUDENT CARD

please fill in the form available on the school's website :

www.artsaucarre.be/reenseignements-pratiques/services-aux-etudiants/carte-etudiant

You may retrieve your ARTS² student card from any of the administrative departments of the three training areas at the beginning of the academic year (November).

You should know that in order for your card to be printed, you need to meet the following three requirements :

- Having paid at least the deposit
- Having signed your PAE (programme annuel d'études, annual study programme)
- Having filled in your administrative file at the secretariat in charge of students (a file is considered complete when all the documents have been handed in)

If, despite having met all three requirements, you still have a problem with your student card,

If you do not fulfil these three conditions, your card will not be printed. We ask you to ensure you fulfil all three conditions before you contact us.

Your student card will give you access to various ARTS² services (canteen, photocopies, libraries...). It will also enable you to benefit from reduced prices and even free entry on a daily basis (to cinemas, museums, exhibitions, concerts, plays...).

Moreover, thanks to your card, you will be able to benefit from the services offered by the *Pôle hainuyer* (see p.28-29), including access to all the libraries of the member institutions ; all you need to do is show your card.

*While you wait for your card to be printed, do not hesitate to ask the secretariat in charge of students for a **certification of enrolment at ARTS²** which will guarantee you the same services.*

ACADEMIC ADVISOR & PAE

As specified in the title, the academic advisor advises students on their academic career. Common questions include : which courses should I attend, which past courses or professional experiences could bring added value to my academic career, how can I retrain or complete my training, what would happen if I were to fail, etc.

One of the academic advisor's main tasks is to supervise the drafting (creation) **OF THE ANNUAL STUDENT PROGRAMME (PAE)**. The **PAE** is the personalised list of courses that each student receives at the beginning of the academic year. It specifies the learning/training activities which need to be attended and on which the student will be assessed. In order for the enrolment to be validated, the student needs to read his/her PAE and sign it at the secretariat.

When should I sign the PAE ?

You will receive an e-mail (sent to your firstname.surname@etu.artsaucarre.be address) inviting you to come and sign your PAE at the start of the academic year.

In order for your enrolment to be effective, the secretariat must have your signed PAE

*Please note that your **PAE is unmodifiable thereafter** (except in special cases).*

Your PAE will be an essential document throughout your time with us: you have no choice but to take part in all the activities specified on the document as each course unit which appears on it will be subject to deliberation at the end of the academic year, which will confirm you have passed, or not.

The academic advisor is there to help you, should you wish to reduce the number of courses you are attending, anticipate credits or retrain during your time with us. However, you should be aware of the fact that any change is subject to specific conditions and strict deadlines which you will find in our **school rules** on our website :

[www.artsaucarre.be/
etablissement/
reglement-des-etudes](http://www.artsaucarre.be/etablissement/reglement-des-etudes)

Teachers may also ask the academic advisor to act as a mediator to help them find solutions to specific problems which some students face in their courses.

To get in contact with Alexandre De Craim, academic advisor, please send a message to :

conseiller.academique@artsaucarre.be

QUALITY COORDINATION

As is the case with each higher education art school (ESA) in the Wallonia-Brussels Federation (FWB or *Fédération Wallonie-Bruxelles*), ARTS²'s quality coordination team works hand in hand with the AEQES (*agence d'évaluation de la qualité de l'enseignement supérieur*), an agency in charge of quality control in higher education institutions. For more information, please visit : www.aeqes.be).

The main objectives of the process are :

- **Improving the training programmes** offered by the institutions.
- **Submitting proposals** to politicians in order to improve the quality of higher education.
- Instilling a **"quality" culture** within each institution.

In order to achieve these objectives, the quality coordination team hands in a report for every training area, every five years, which, in turn, leads to a visit by independent

external experts whose thoughts give rise to a quality action plan involving various work groups made up of members of the ARTS² community (teachers, students, administration and management personnel).

In order to help us improve the quality of our institution, we invite you to discover **our online consultation form** which will enable you to voice any comments or useful suggestions (regarding infrastructure, logistics, organisation, teaching methods, well-being...). You will be asked for your e-mail address in order for us to provide you with a follow-up.

The **reports** and **online consultation form** can be found on the school's website : www.artsaucarre.be/etablissement/qualite

To get in touch with the quality coordination department, please send a message to :

coordination.qualite@artsaucarre.be

ERASMUS PROGRAMME DEPARTMENT

INTERNATIONAL RELATIONS

ARTS², whose members signed the **Erasmus Charter**, encourages the mobility of students, teachers and its administrative personnel.

Every year, the school warmly welcomes students aiming to perfect their skills for part (one "quadrimestre") of or the whole (two "quadrimestres") academic year. A "quadrimestre" corresponds to a four-month period.

Furthermore, ARTS² is currently **developing a network of international partnerships outside the EU**. In 2015-2016, for instance, international exchanges with Kindai University (Osaka, Japan) and the University of Antioquia (Medellin, Colombia) took place.

To get in contact with the Erasmus programme department, please send a message to :

service.erasmus@artsaucarre.be

*International students benefit from free **French language courses** at the University of Mons (UMONS). They can register at the beginning of each of the two main parts of the academic year.*

For more information and registration, please contact :

service.erasmus@artsaucarre.be
